

HOW TO PRAY

FOR YOUR TRIBAL
UNREACHED
PEOPLE GROUP

"When we work, we work. When we pray, God works."

HUDSON TAYLOR – MISSIONARY TO CHINA

MAIN BELIEFS/PRACTICES:

Most tribal religions seek to appease spirits through sacrifices and observances which they believe have direct influence on their lives. They usually have a unique language and often don't have the Bible in their own language. Many are located in isolated and remote places, making it hard to reach them physically.

PRAYER POINTS:

- 1) Tribal people are often in fear of spirits. Pray that they find freedom through Christ.
- 2) Pray for God-sent, spirit empowered, indigenous workers to go to every Tribal Unreached People Group. (Matthew 9:38)
- 3) Bind the forces of darkness, resisting all demonic rulers and spiritual powers who, in heavenly places, influence Tribal people groups. (Ephesians 6:12-13, Daniel 10:13, 20)
- 4) Pray that the existence of one true, all powerful, pre-existent and personally loving God will be recognized.
- 5) Pray for their eyes to be opened to the truth that power belongs to the one true God, and that planets, animals, and inanimate objects/beings hold no spiritual power.
- 6) Ask for Tribalists to be set free from the constant fear of rejection, retaliation and/or retribution from vengeful forces.
- 7) Pray for the power of the Gospel of love to break through in all Tribal Unreached People Groups.
- 8) Ask God for churches to be planted among Tribal people groups. (Matthew 16:18, I Peter 2:9-10)
- 9) Pray that God will give the Church the gift of intercession and compassion for Animists.
